FOR IMMEDIATE RELEASE

BRIDGE REHABILITATION COMMENCES ON PORTIONS OF THE FOOTHILL FREEWAY (I-210) AND ORANGE FREEWAY (SR-57) Week of 9/5/04

SAN GABRIEL VALLEY – The California Department of Transportation (Caltrans) is conducting bridge and pavement rehabilitation on the Foothill Freeway (I-210), through the cities of Monrovia, Duarte, Irwindale, Azusa, Glendora and San Dimas. The project consists of cleaning, treating and sealing the bridges, and pavement removal and replacement. Construction will take place in various locations, beginning in Monrovia, at Myrtle Avenue, and continuing through the Orange Freeway (SR-57) junction.

Motorists should expect intermittent connector ramp and lane closures in proximity to the bridges and during pavement operations. Two or more lanes will remain open to motorists at all times. Work will occur nightly, Mondays through Fridays with completion scheduled by late September 2004. Caltrans recognizes the community's concerns regarding noise during construction. Every effort will be made to minimize noise during these activities.
